

Skills First Funding Eligibility Flowchart

Flow chart developed in line with the current version of the Skills First program Guidelines about fees 2024. All evidence in support of eligibility must be sighted as an original, or original certified copy and copied by Life Skills Victoria and retained on file.

Ensure students understand:

- that accessing Skills First funding may impact on their ability to access future government subsidised training
- when completing their enrolment application they understand that information they provide and the signed declaration, is used to assess eligibility and the information is submitted to the government Department of Education – State and Federal

Refer to the Skills First 2024 Guidelines about Determining Student Eligibility (and any notifications) for further clarification.
